PADI Open Water Diver course \$450

Now is the time to dive into the PADI Open Water Diver course at Fish Rock Dive Centre, the most popular dive program in the world! This is your ticket to a lifetime of intense adventure with PADI, the dive company that sets the standards in the global diving community.

Why PADI Open Water?

As a certified PADI Open Water Diver, the most widely recognized and respected rating in the world, you have the freedom to dive with a buddy independent of a professional. If you already tried a PADI Discover Scuba Diving experience or are PADI Scuba Diver certified, check with your instructor to see how credit from these courses may apply to the open water program.

What do I need to start?

Virtually anyone who is in good health, reasonably fit, and comfortable in the water can earn a PADI Open Water Diver certification. You must Be at least 12 years old, Have a current (less than 6 months old) AS 4005.1 Dive Medical, be able to swim 200 metres, and float or tread water for at least 10 minutes. When you book your course you will receive your Open water manual, you should do a little study before the start date.

What will I do?

Throughout the course, you'll learn fundamentals of scuba diving, including dive equipment and techniques. You earn this rating by completing five pool dives and knowledge development sessions and by making four open water (ocean or lake) dives.

How long will it take?

PADI programs are performance based. You proceed as you demonstrate mastery of the course skills. This allows you to work at a pace that is comfortable for you. Generally the course is run over 4 days or 2 weekends. With the introduction of PADI E-Learning you can complete your self study online and join us for you in water training of your course which you can complete in one weekend
