AWARE Shark Conservation Distinctive Specialty Course

The Diver, AWARE Shark Conservation Diver Distinctive Specialty \$295.00

You will learn about sharks in your region and the local issues that may be harming them. Study Guide shows you how. However, you can also contact Fish Rock Dive Centre to join an AWARE Shark Conservation course for the classroom presentation and complete 2 dives, Complete the course to receive PADI certification as an AWARE Shark Conservation Diver.

The Non-Diver, AWARE Shark Conservation course for the classroom presentation alone \$100

Not a diver? No problem! Everyone can help the sharks through their personal actions and decisions, Study Guide shows you how. However, you can also contact Fish Rock Dive Centre to join an AWARE Shark Conservation course for the classroom presentation alone. You will receive a certificate of participation and who knows, perhaps be inspired to become a diver!

Student Diver Prerequisites

By the start of the course, a diver must be:

1. Certified as a PADI (Junior) Open Water Diver or have a qualifying certification from another training organisation. In this case, a qualifying certification is defined as proof of entry-level scuba certification with a minimum of four open water training dives. Verify student diver prerequisite skills and provide remediation as necessary.
2. At least 12 years.

Student Non-Diver Prerequisites

At least 12 years.

How long will it take?

Program is scheduled 1 evening and 1 day

What will I need?

A sense of adventure
Diver card Padi or Non-Diver
Log books

What does it cost?

Diver \$295 includes. full tuition, training dives and certification
